"Ho, All to the Borders" is a poem that has never been published but handed down through several generations of an Arlington family. It is full of the spirit of the times in which the scene "In Old Vermont" is laid and is a splendid addition to the many patriotic poems of our glorious state.

Glenwood

"It certainly does make cooking easy"

Complete Gas Range attached to the end of Coal Range.

Glenwoods are Brim Full of Good Things

The Glenwood Balanced Baking Damper is far ahead of any other—it is as positive as the turning of a railroad switch—open to start the fire, closed to bake—just this one damper for kindling or baking and best of all, it can't warp or stick.

The Glenwood Revolving Coal Grate is easy to shake at all times, and simply fine for removing clinkers. It is triangular in shape, with three different sides for wear.

The Ash Pan rests on a roller bearing frame—just open door and it rolls out at the slightest touch, neat and clean.

The Glenwood Shelf Under Oven Door is not stationary—it automatically raises and lowers as oven door is opened or closed. It is always level with oven bottom—a great convenience when basting meats or removing food.

The Glenwood Sectional Top is interchangeable—cross pieces can not warp—a wash boiler can be placed at the back as well as in front for quick heating, leaving the front holes free for cooking.

Glenwood Iron is smooth and perfect—the easiest of any to clean—a real delight to the most exacting housekeeper. Get one and you'll be glad ever after.

Europe's Blinded Thousands

ASK YOUR IMMEDIATE AID

"Thousands of battle-blinded French, English, Belgian soldiers! Helpless! Hopeless! Unable to support themselves and families!"

For Humanity's Sake, Help Them

Your single contribution will go far toward training one of these blinded soldiers in a practical, paying trade not requiring sight and will support him meantime.

Don't hesitate to go a kind act. Every day's delay means one day more of despair for one of these specially unfortunate sufferers.

As local sub-treasurer of the B. F. B. Permanent Blind Relief War Fund, 550 Fifth Avenue, New York City, of which Mr. Frank A. Vanderlip of New York, Sir Edward Holden of England and M. George Pallain of France are honorary treasurers, I will receive and forward all contributions, large and small.

SEED INSPECTION

The Vermont Experiment Station is distributing Bulletin 122, dealing with the inspection of grass, clover and similar seeds sold in Vermont. It shows

their purity and their weed seed contents. The tabular matter is grouped in two ways, by variety and by the wholesaler's name. Thus all the timothy samples are grouped; and, also, all samples sold, let us say, by the Smith Seed Co. A farmer who is buying, for example, timothy can scan the timothy table and tell what brands were of high grade in 1915 and what were not. And a farmer who thinks of buying Smith seed can see in the table showing all the Smith seed analyses whether or not as a rule the Smith seeds were what they were said to be. This bulletin can be had without charge for the asking. A postal card to the Experiment Station, Burlington, Vermont, stating desires is sufficient.

INSULT, SAYS PABST

Milwaukee, April 27.—Another telegram has been added to those previously exchanged between United States Senator Paul O. Hastings and Fred Pabst of Oconomowoc, son of the wealthy brewer. On April 21 Mr. Pabst and six other persons sent a message to Senator Hastings urging him to do everything in his power to keep this country out of the European war. Senator Hastings telegraphed a reply to Mr. Pabst suggesting that he and the other signers also communicate their desires to the German Ambassador. Mr. Pabst telegraphed to the Senator yesterday the following:

"Your telegram of April 21, which you caused to be published in the press, is an insult to me. I resent it, especially because you refer to me, a citizen of the United States to a diplomatic representative of a foreign Power. Your answer is unworthy of the high office you hold. No reply to this telegram is expected or desired. Fred Pabst."

Watch Child's Cough.

Colds, running of nose, continued irritation of the mucous membrane if neglected may mean Catarrh later. Don't take the chances—do something for your child! Children will not take every medicine, but they will take Dr. King's New Discovery and without bribing or teasing its a sweet pleasant Tar Syrup and so effective. Just laxative enough to eliminate the waste poisons. Almost the first dose helps. Always prepared, no mixing or fussing. Just ask your druggist for Dr. King's New Discovery. It will safeguard your child against serious ailments resulting from colds.
